## THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Rumney in the County of Grafton in said State, qualified to vote in Town Affairs: (LS)

You are hereby notified to meet at the Rumney Town Hall in said Rumney on Tuesday, the ninth (9) day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see how much money the town will vote to raise and appropriate for Highways in addition to the amount required by law.
4. To see how much money the town will vote to raise and appropriate for the care of the Library.
5. To see how much money the town will vote to raise and appropriate for Street Lights.
6. To see how much money the town will vote to raise and appropriate for the care of the Cemeteries.
7. To see how much money the town will vote to raise and appropriate for the care of the "Common".
8. To see how much money the town will vote to raise and appropriate for the LaMott-Kenneson Post No. 76, American Legion, for Memorial Day and other Patriotic Purposes.

9. To see how much money the town will vote to raise and appropriate for the Fire Department.

10. To choose a Fire Commissioner.

11. To see how much money the town will vote to raise and appropriate for the care of the Town Dump.

12. To see if the town will vote to raise and appropriate \$1,536.00 to secure from the State \$3,072.00 to be expended under the State Aid Orange System on the construction of the North Groton Road.

13. To see if the town will vote to raise and appropriate \$1,500.00 for the construction of the Bridge across Stinson Brook about 2 miles north of the Rumney post office on the Stinson Lake Road,—this amount of money being the town's share of the estimated balance needed for the completion of the said bridge construction.

14. To see if the town will vote to raise and appropriate or borrow a sum of money not exceeding \$6,000.00 to be used for the purchase of a new Fire Truck with a 500 gallon Mid-Ship Pump and a 500 gallon Booster Tank, and to authorize the Selectmen to borrow the money on the credit of the town and to repay this loan with annual payments of not less than \$ 1,000.00 each, beginning with the year 1948.

15. To see if the town will vote to raise and appropriate a sum of money not exceeding \$102.00,—which is 1-100th of one per-cent of the assessed valuation of the town,—to the Lakes Region Association for the purpose of publicizing and promoting the natural advantages and resources of the town, in co-operation with other towns in the Lakes Region.

16. To see if the town will vote to authorize the Selectmen to administer, lease, rent or sell or otherwise dispose of, any real estate or any “mineral rights” acquired by the town at its tax collector’s sales.

17. To see if the town will vote to authorize the selectmen to borrow money in anticipation of taxes.

18. To see if the town will vote to raise and appropriate \$400.00 for control of the White Pine Blister Rust in co-operation with the State Forestry and Recreation Commission.

19. To see if the town will vote to allow a 2 per cent discount on all taxes paid within 15 days after presentation of tax bill.

20. To see if the town will vote to petition the State Tax Commission to have an audit made by the Division of Municipal Accounting, and to make appropriation to cover the expense of such an audit.

21. To see if the town will vote to have the inventory blanks distributed at the time of taking appraisal of property.

22. To see if the town will vote to make a change in the ballot system with regard to the manner of voting at town meeting.

23. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 21st day of February, in the year of our Lord nineteen hundred and forty-eight.

WILLIAM A. MARSHALL,  
W. HAVEN LITTLE,

Lloyd E. French, Fire Chief Town of Rumney

At the 1946 town meeting a committee was appointed to see about water holes in parts of the town that were without sufficient water protection. After some consideration it seemed at the present time it would be better to purchase a truck with a water tank large enough to hold the fire until other pumps and hose could be set up. A truck equipped with a 500 gallon tank and a 500 gallon midship pump would answer this purpose. Also it might be possible to have the insurance rates lowered with an outfit of this size.

## ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To The Rumney School Board:

My fifth annual report here presented contains the usual statistical tables and discussions of school administration that directly concern you and should be of interest to all people of Rumney.

When the school calendar for the ensuing year is published among other statistics many people fail to find it and are uncertain about dates of opening and closing of school and days when no school sessions are expected. To remove this difficulty the 1948-1949 calendar is presented with explanations at the beginning of this report.

A recent ruling from the office of the Commissioner of Education makes a school year of at least 190 days mandatory. That requirement necessitates a year of 38 weeks without much flexibility if schools are to close the middle of June. The calendar follows:

Term Begins	Term Ends	No. Weeks	No. Days	Days of No School
Sept. 7, 1948	Dec. 23, 1948	16	72	8
Jan. 3, 1949	Feb. 18, 1949	7	35	0
Feb. 28, 1949	April 22, 1949	8	40	0
May 2, 1949	June 17, 1949	7	34	1

The nine days of expected no school are: Labor Day, Fair Day, State Convention, (2), Armistice Day, Thanksgiving with the following Friday, December 24, May 30.

Time lost on account of illness or bad weather should be made up in Saturday sessions immediately following the lost sessions.

It was indicated a year ago that the revision in our geography would allow for the completion of geography in grade seven thus making time available in Grade eight for work in science. This year, for the first time, eighth grade pupils

are now receiving instruction in science. This change should be of value to them both as a means of better preparation for the science which they will take in high school and thru a broadening of their individual interests.

From time to time questions are asked about our testing program and the uses we make of the information obtained from those tests. An annual test of mental ability is given in grades one and four. A different test is used for each grade. Achievement tests are given at approximately the middle of each year. The results of the mental tests are not used definitely to label a child as slow, bright or superior. They are used as a general guide for teachers who try to meet individual needs of children and they also enable us to determine whether a child is working up to the limit of his indicated capacity. The results of achievement tests enable us to determine what parts of a pupil's work need more attention and at what points we can give the most help. The tests used are sufficiently well standardized to give a very accurate picture of accomplishment at any period during the school year. A second achievement test is given later in the year to those pupils who showed marked deficiencies on the first one for the purpose of determining how much improvement has been and how effective have been the measures we adopted for help. The results of achievement tests and the actual daily work done by pupils are the two determining factors in decisions about promotions. My experience has shown me that promotion for those pupils about whose future success there may be a reasonable doubt is not a kindness or a help to them. In every case the Superintendent and the teacher make every effort to reach a decision which will be for the ultimate good of the pupil.

We are having a very successful year in music under the instruction of Mr. Stephen E. Childs. The accomplishment possible in a limited time show the desirability of making more time available for music instruction. I am at present trying to work out a plan whereby more of Mr. Childs

time may be made available in our schools. That plan can be carried thru only if Rumney can increase the amount of money available for music and if other towns which would be served by him can do the same.

Art is closely allied to music in its cultural and personality developement features. I have long looked forward to the time when some way might be found to give the pupils in all of my towns the advatages of systematic Art instruction. Rumney is the first town in which there seems to be an opportunity to make art a regular part of our school work. If our school budget can be expanded to finance such instruction, it appears almost certain that Rumney children may next year receive benefits which have heretofore not been possible to give them.

Rumney teachers in conjunction with elementary teachers in all other towns in this Union, with the exception of Plymouth, are at work on the developement of a program of Conservation teaching. The particular phase of conservation we are considering is that of Soil Conservation and Maintenance. In this undertaking we have an opportunity to do some valuable pioneer work which ought to benefit the State as a whole and particularly our children in this town.

School buildings like all other structures need frequent and continuous repairs. We ought to consider outside painting on at least two of our three schools. Both Mont-View and the Depot School need that attention. Probably the most acceptable plan would be to do one school this summer and one more each of the two following years.

In view of abnormally high prices for school furniture I would not recommend extensive purchases at the present time. It does seem advisable however to make budget provision for limited purchases each year until the old and badly worn desks have been replaced. We should not overlook the fact that the attitudes of children have often been profoundly affected by the type and quality of the things and conditions under which they work.

At the time this report is written the approximate amount of State Aid that may be expected in December 1948 has not been announced but it seems reasonable to assume that it will be very near the amount which was received in 1947. The primary purpose of increased State Aid is not tax reduction but an expansion and improvement of educational opportunity within the district which received that aid. The use of 1947 State Aid was restricted by action of the legislature but beyond that one year school districts may spend State Aid funds at their discretion. If Rumney chooses to use State Aid money in accordance with the true purpose for which it is granted, steady improvement in our schools can be realized without undue financial burden to the town.

In my association with the Rumney School Board and all citizens of the town I have been impressed by the sincere and unselfish way in which the interests of your children are being advanced. It has made my work in your schools very pleasant. For every courtesy and assistance my deep appreciation is now expressed.

Respectfully submitted, Arthur S. Rollins, Supt. of Schools

## REPORT OF SCHOOL NURSE

To Runney School Board:

I herewith submit the report of school nursing from September 1946 to July 1947:

—X—

Number of Children inspected .....	119
Dental defects .....	32
Tonsils, enlarged or diseased .....	23
Enlarged glands .....	6
Vision defects .....	4
Underweight, 10 percent or more .....	5

**These correction were reported as made:**

Dental .....	51
Tonsil operations .....	12
Vision .....	8

Seven children had dental work done which was paid for by the Red Cross.

The Audiometer test was given to the children in the third to eighth grades inclusively.

79 pupils took the test and 9 were found to have some hearing loss.

Three of these children had examinations and prescribed treatment at Hanover which was paid for by the Handicapped Childrens' Program.

Three strabismus cases were examined at Hanover. One had an operation through the Sight Conservation Program. Three other children had examination and glasses thru this fund.

Three children had tonsil operations through the Red Cross.

Several Children needing chest examinations attended the Chest Clinics held at Plymouth by the New Hampshire Tuberculosis Association.

Miss Hinman, State Nutritionist made several home calls with me to advise on adequate diets.

The health and attendance of the children has been good, interrupted only by a mild epidemic of chicken pox.

I enjoyed attending several nurses' meetings and the New England Public Health Institute which was held at Durham June 16-17-18, 1947.

In the Fall of 1947 the inspection was made again with the following symptoms of defects found.

Number of children inspected .....	134
Dental .....	31
Tonsils, enlarged or diseased .....	10
Vision .....	3

These corrections have been reported made:

Vision .....	6
Dental .....	6
Tonsils .....	10

The usual program of Health Education, with daily class-room inspection, lessons on hygiene, nutrition and health lectures are given by the teachers.

I wish to thank parents, children, teachers, the School Board and Superintendent who have shown interest and have helped maintain the health of the children.

Respectfully Submitted,

ANNA M. LOVETT, R. N.

School Nurse
